

# Amarone della Valpolicella Riserva DOC

ROCCA SVEVA

  
**ROCCASVEVA**  
vini dell'alta tradizione veronese

THE TREASURES

## *Grapes*

Corvina, Corvinone and Rondinella

## *Vinification and maturation*

Riserva Collezione Speciale wines are produced only in exceptional years. This great Riserva, in fact, requires considerable time: after a minimum of 48 months in large Slavonian oak ovals, it receives a further long ageing in the bottle

## *Appearance*

Deep ruby red, with luminous garnet highlights

## *Bouquet*

Extremely elegant, intense and refined. Enfolding notes of liqueur cherries and dried plum interweave with smooth impressions of spice, cocoa powder, and vanilla

## *Palate*

Warm and well-rounded, with velvety, seductive tannins. Very lengthy, impressive progression. A truly noble, unforgettable expression of our growing area

**% Alcool** 15%

 *Enjoy at* 18°C, in generously-sized wineglasses. It is best to pour it into a decanter some hours beforehand to allow it to breathe and thus release its aromas in the glass
